## **"FOR GOD ALONE KNOWS THE HEARTS OF ALL MANKIND"**

God's knowledge is superior to human knowledge. God knows all, past present and future. **All that is hidden from human sight is known by God.** The wisdom of God is in His all-embracing knowledge. God has knowledge of all people, their actions and foreknowledge of their individual needs. **The attitude and motives of the heart are shown to God, including the will of a person as well as true or false emotions.** God knows what prompts each person to act in a certain way and the motive or manner in regard to persons or things, whether sincere, honest or deceit and duplicity. **Only He truly knows the nature of human hearts and minds.**

It is of uttermost importance to do deeds and live with the sincere intention of honouring and glorifying God. **God judges the motives of the heart of all humankind.** He alone knows the underlying reasons for the course of actions taken. **God's knowledge ensures that all will be judged justly.** His knowledge is complete.

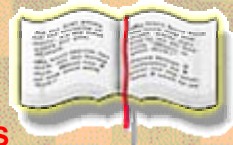

Believers are encouraged to adopt attitudes of trust, belief, hope, love, respect, repentance, humility, self-denial, submission and thankfulness. Sincerity can only come from the heart.

- **BIBLICAL KNOWLEDGE-** Did you know that one of the most amazing healings that Jesus did supernaturally of God by The Holy Spirit, was the healing of a man who was born blind? Christ rubbed mud, mixed with Jesus' saliva, on the man's eyes and told him to wash it off. Obediently the man went to a nearby pool and washed his eyes and immediately he could see. No-one except God could make a person born blind see.

There is a Colouring In page of Jesus healing the man born blind

**A JUNE EVENT-**Invisible beams of evangelism blaze day and night across sky and sea, penetrating nations and hearts where missionaries cannot go. Such is the short-wave ministry of Far East Broadcasting Company. The FEBC began in **1945** when three Christians shared their assets and formed a nonprofit corporation to broadcast the gospel through the Orient. One of the men set out searching for a spot for a transmitter and to explore the possibility of locating the transmitter in the Philippines. He requested permission for 10,000 watts, officials marked out the amount "Unlimited Power." Earnestly the founders tried to raise funds as accounts became due. One delay after another tore at the project, but government officials refused to extend the timetable. When June 4 dawned, high-voltage wires crisscrossed the station and workers stepped through ankle-deep water from heavy rains. The men decided to test on the air." The switch was flipped, the transmitters hummed with power, and the staff began singing **All Hail the Power of Jesus' Name**. It was 6 p.m., **June 4, 1948**, and FEBC was on the air. **Without delay reports arrived of barbers, atheists, thieves, housewives, and teenagers being saved.** Today FEBC is still on the air, serving every country in Asia with local and international services in more than 150 languages.
