This month's *coloured attachment* scripture is **GENESIS 2:1**

**“THUS THE HEAVENS AND THE EARTH WERE FINISHED IN  
THEIR VAST ARRAY-AND IT WAS GOOD”**

After a pattern of six days, God finished all works of the universal creation. God has created all, and it was revealed with the rhythm and motion set in working order which is still in preservation today, since the time of the creation. He created matter out of nothing. He is able to impart life into matter, and impart light from within Himself for His own purposes. **The cosmos and life on the earth is full of perfect design and purpose.**

**God did not rest as one weary when the universe was completed, but as one pleasingly satisfied. The ceastation was not of activity but of achievement.**

The pre-flood world, the "Park of Delight" (Eden) was quite different from the earth today. Heavy covering, a hollow sphere of vapourised water which shielded the earth softened the sun's ray and the land was watered by mist rather than rain. **It was designed and planned by God to promote full progression of human possibilities.**

At this time on planet earth, none of the human race were in being but the first parents, whom God had blessed with warm caring. The intelligence of humankind is one of the greatest arguments for the existence of an intelligent God. Humankind also has an intuitive belief and knowledge of the existence of God and is created to worship Him.

Human beings are the excellence of God's creative works and is made in the image of God, far superior and different from any animal. People are created to act, think and feel with their whole being.

**The all-powerful God of Creation also presides over the destiny of the universe.**

## CHRIST AS SEEN IN THE BOOK

## OF GENESIS

The Creator, The Beginning, Christ is the seed of Woman. Christ is interpreted and understood as an historical fact in the lives of Adam, Abel, Noah and the ark of salvation, Melchizedek, Isaac as Abraham's only Son and Joseph.

+ **BIBLICAL KNOWLEDGE**- Did you know that there is a difference between animals and humans? Instinct for animals and intellect for humans; animals only have body and soul, human beings have three, spirit soul and body; a triune being like God and therefore giving man a unique relationship to God.
