CHOSEN BIBLICAL Old Testament SCRIPTURE-

This month's *coloured attachment* scripture is **Deuteronomy 4:31a** '

***"FOR THE LORD YOUR GOD IS
MERCIFUL".***

Mercy is a innermost feature of God's nature, a feeling of sorrow for the sufferings or misfortunes of the people of His creation. **The Act of salvation for humankind is God's mercy in action.** His mercy is shown in His faithfulness to His covenant that He has made. His mercy is never ending toward both men and women and is made known in Jesus Christ.

The future of God's people continually depend upon God's mercy, compassion and love, with emphasis on His mercy as far as a necessary balance on behalf of God's refining process. When God's people are rebellious and disobedient, God will judge those who refuse to repent.

To receive God's forgiveness and kindness, the transgressor must seek God, when this is done, God's mercy will be found and proof of His committed love.

God gives undeserved gifts as an act of kindness.

God in His mercy shields sinners from what they deserve in the way of punishment. **In judgement God's mercy is always just and true.** God's mercy is not confined to the nation of Israel. God demonstrated His mercy as a parent to those in distress or in just judgement. Justice punishes evil, crime, and wrongdoing; mercy forgives them.

The merciful God alludes to His Name. **Mercy is a quality of His great compassion.** His mercy is just and true. God chooses when and where to exercise His compassion, He responds in mercy to those who call Him. It is only through experiencing forgiveness that God's great gift of salvation can clearly be seen.

 **•BIBLICAL KNOWLEDGE-** Did you know that since Christians have been forgiven much, their sins, they should be willing to forgive others? There is a direct link between sin and death, God intended human beings to live and made provision for the sin and death problem.
